

## Yesterday began the training of the soccer team.

Oct 19, 2017

In addition to the internal championships, from the sports service we give you the opportunity to train different sports throughout the course.

Yesterday 6 students and 4 students of GEP began to train every week to football, being added to the more than 30 that already train to voley in Aretxabaleta.

If you are interested in participating, ask at the sports service.
