

# Korea National University of Education and some governmental delegates visited Mondragon University on June 11th

Jun 20, 2013

The objective of this visit was to know MU educational model and the cooperative model of Mondragon. This Korean delegation will visit more universities in Europe as to benchmark different educational models.

South Korea has recently introduced new legislation to simplify the process of setting up co-operatives. It is remarkable the great interest of Korean society about cooperativism and the involvement of the Korean Administration sector in the development of the co-op sector.

Korea National University of Education is a comprehensive university at the forefront of teacher education to train excellent teachers in Korea. The university provides comprehensive training of teachers for kindergarten, elementary and secondary schools, and maintains the top teacher selection test passing rate in the country.
