The tractor costs in Spain the equivalent to  
35,000 lbs. machine in France 28 mil,  
Mexico 28,000, United States 27,000 & Germany  
26,000 -

My first estimate for industrial power is calculated from  
costs the investment of 20,000 dollars - For heavy  
equip. the investment probably 15,000 dollars -

Estimated 10,000 dollars of investment needed - per  
at current value 600,000 per - per one million  
of power 600,000,000,000 - of power -
