

Our 4 students have not been able to surf fine with the weather conditions in Uhaina

Apr 03, 2017

The bad weather has been decisive in the Uhaina Surf Championship that has been celebrated this weekend in France.

This championship that is organized every year, was to be celebrated on Saturday, but at the meeting that was held Friday in Anglet, we were told that it was changed day and beach.

So, on Saturday we used it to train in Hendaye, the only place where weather allowed us to surf.

On Sunday, at 9:00, all the surfers on the beach of La Barre joined, to compete in a sea still in harsh conditions.

Of our students, although they worked in these conditions, only Gorka Aguinaga managed to move to the final, where he finished the fourth surfing with only one fin when losing it while competing.

Thanks to our students Gorka Aguinaga, Iker Zumeta, Iñaki Urrutikoetxea and Unai Zubizarreta and the organizers.
