

More than 80 participants on the day of surfing

Oct 30, 2017

EHU / UPV, UDeusto and MUnibertsitatea with the help of Gizpuako Surf Federazioa we have organized this day, with courses of initiation and meeting of surf between university students.

In total 72 (15 from MUnibertsitatea) people were enrolled in surfing courses. Courses that were from 10:00 to 17:30. For them the conditions of the sea were ideal, small waves without wind, which helped to take its first steps.

In the case of the surf meeting, there were 10 participants (5 from MUnibertsitatea), on a weekend with few waves and many surfing championships. The surfers worked hard to get something out of each wave. Highlight the good atmosphere that was seen among all the participants.

We have already begun to prepare the day of the next course, hoping that it will repeat itself to the good atmosphere of this edition.
