

Canoeing course in Donostia and surf course in Zarautz

Jun 20, 2017

Last Saturday morning, from the sports services of Mondragon Unibertsitatea, we organized a canoeing course in Donostia and 15 students participated. During the afternoon, 20 students participated in a surf course, in the waves of Zarautz.

Many of these students were foreign students who are studying at Mondragon Unibertsitatea and they participated in both courses. They had a great weather, and they could enjoy a fantastic day. We are sure that they will bring a good memory to their countries.
