

## MEIJI University (Tokyo, Japan) visits the Business Faculty.

Feb 27, 2013

A team of 6 students and two professors from Meiji University visited the Business Faculty of MU. The main objective of this visit is related to the programme of the subject Field Study this students are taking in current semester. The In- Situ study of Cooperativism and its reality is part of the programme.

Yamasaki Seiichi and Matt Noyes, both professors and researchers at Meiji University had the opportunity to meet some researchers of MIK and see the possibility to collaborate in future projects. Enpresagintza and the Business Faculty of Meiji University will hopefully sign a bilateral agreement to promote students, professors and researchers mobility.
