

Real SD celebrates the day of students

Dec 16, 2016

Yesterday afternoon Real Sociedad organized the press conference 'Day of the Student' for the fans of the football team, which was attended by students from Mondragon Unibertsitatea, University of Deusto and the UPV / EHU. The players of the first teams Joseba Zaldúa, Mikel Oyarzabal, and Mariasun Quiñones, spent a very entertaining time with the students of the three mentioned universities, teaching them the Anoeta football field and its facilities.

On the other hand, for only ten euros, students will be able to cheer Real Sociedad next week in their Copa match and, in addition, they will enjoy a nice previous environment. For two euros, students can have a drink and a pintxo in any of these bars: Garaitza, Ñañarri, Bar Haritza 22, Arkupe and Maite. It will be a wonderful plan for the eve of St. Thomas.
