

Our students have participated in the Spanish Swimming Championships in Murcia

May 15, 2017

Last week held the Spanish swimming and karate championships organized by the UCAM in Murcia where more than 500 students participated.

Thanks to the relationship between universities, this time we traveled together EHU / UPV, UNav and MUnibertsitatea, making us charge of swimming athletes.

The second day in the morning we performed the accreditations in and in the afternoon the swimming tests began.

All other events were held on Thursday, but our students can do very little with the UCAM's Olympic swimmers when it comes to winning, but all were close to their best marks in this one in this time of exams for them.

As soon as we finished the championship, we returned by bus on the exhausting journey of more than 10 and a half hours.

Thanks to Ander Jimenez and Marta Melendez for the effort.

[Here](#) you can see all the results.
